

# BIOSITE – ASSIGNMENT 3.3

Ideas, Sketches, Inspiration

## GOAL

Create a biographical page detailing a person who has had a lot of artistic and creative ventures, both in a professional sense and as hobbies.

## IDEA

Small boxes or modules that are easy to read, each associated with a different topic.

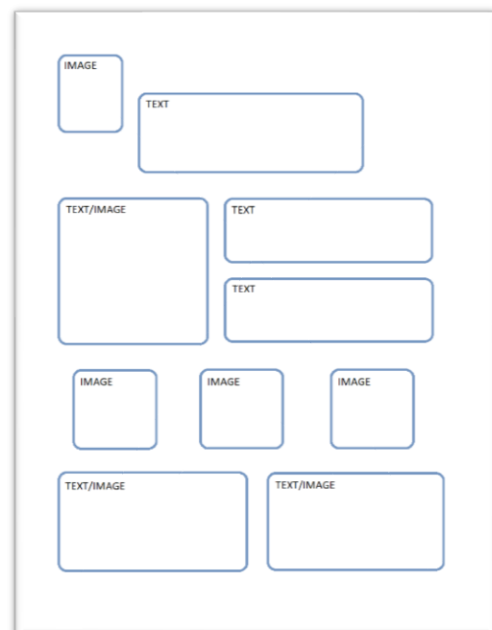

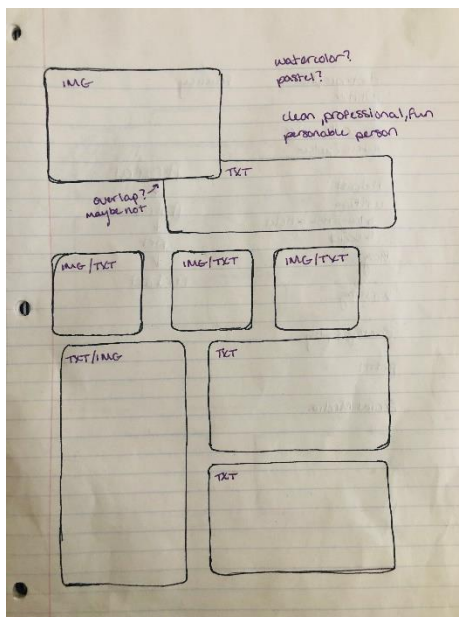

The idea is to make it easy to jump around the page between topics, since this not just a long memoir about someone's life. I believe that is how we learn about people anyway; we find bits and pieces about someone that we can relate to and move forward from there.

## Über mich

Hallo, mein Name ist Ira Skizzenman von Langewegde und ich bin freischaffende Diplom-Designlerin aus München mit den Schwerpunkten Illustration, Charakter- und Screen-Design.

Ich beherrsche sowohl traditionelle als auch digitale Techniken die ich auch gerne miteinander kombiniere.

Dazu gehören:

Traditionell: Aquarell, Acryl, Tusche, Tinte, Bleistift, Kohle, Buntstift, Marker, Gouache

Digital: Photoshop, Illustrator, Painter, Flash

Aber ich experimentiere auch immer gerne mit anderen Techniken um neue Möglichkeiten zu entdecken.

So wunderbar die Gegend hier auch ist:  
preest die Lippen zusammen!
